I. Read the following poem carefully and answer the questions (5x1= 5Marks)

I go to bed. I close my eyes, but specters in my mind arise. I punch my pillow, toss and moan. Clearly, I am not alone. I crack an eyelid, scan the room that's when I see dark shadows loom. I rub my eyes so hard they burn. I crumple up my sheets and turn. I struggle, wrestle through the night, then, finally, at dawn's first light: as sunbeams 'cross my window creep, I shudder twice and fall asleep.
